COLLEGIATE DEPARTMENT.

TERMS OF ADMISSION.

Candidates for admission must produce testimonials of good moral character; and if from another College, evidence of regular dismission.

The proper time for examination is Monday preceeding Commencement and the day before the opening of the Fall Session.

Candidates for advanced standing may be received at any time, but all such will be examined on the studies previously pursued by the class which they desire to enter, including the studies preparatory for admission to the Freshman Class.

Students are admitted only on examination. When admitted to an advanced class, a fee of \$5 is charged for each year's advancement, except when the student comes from another College, in which case he is admitted to the same grade without the fee, if found qualified.

Candidates for the Freshman Class are examined on the following books:

English,Grammar; Geography; Outlines of Ancient and Modern History.

MATHEMATICS, Arithmetic; Algebra through Simple Equations.

LATIN,.....Bullion's Grammar, or McClintock and Crooks';

Cornelius Nepos, or Latin Reader; Cæsar (two books); Virgil's Æneid (four books,) or their equivalents.

GREEK,.....Bullion's Grammar, and Reader, or McClintock and Crooks' First and Second Books.

Candidates for the Partial Course are examined only in reference to their qualifications to pursue that course.

It is recommended, however, that all whose circumstances will justify it, should prosecute the full Collegiate Course. This course long experience has proved to be best suited to accomplish the great end of education—the development and discipline of the mind.

The completeness of a student's preparation for admission will materially affect the whole of his subsequent course, as many of the elementary studies cannot receive that attention in College which their importance demands. It is earnestly desired, therefore, that candidates adhere rigidly to the course of Preparatory Studies, and that they endeavor to perfect themselves in these, rather than anticipate studies which can be pursued to much greater advantage in College. It is, in general, poor economy to attempt to prepare for admission into one of the higher classes; as it is reasonable to suppose that, with the facilities afforded at College, students will be advanced there more rapidly and thoroughly than by teachers less favorably situated.

The Grammar School of the Institution presents peculiar advantages to those who wish to be thoroughly prepared for admission.

Religion,Butler's Analogy; Greek Testament (the Epistles).

Tuition is given to such as desire it, in the Spanish, Italian, Anglo-Saxon, Hebrew and Syriac Languages, for which an extra charge is made.

The instruction in Philosophy and English Literature is given partly by recitations in History, Rhetoric, Logic, Political Economy, Metaphysics and Constitutional Law, and partly by Lectures on the English Language and Literature, the Philosophy of History and Polity, and the History of Philosophy.—Practical exercises in Writing and Speaking also receive special attention in this department.

The course in the NATURAL SCIENCES includes recitations from text boocks, and lectures accompanied by illustrations and experiments. The facilities of this department for full and efficient instruction are unusually ample. The apparatus is extensive and valuable, and annually increasing. The Cabinet of Natural History is abundantly supplied with specimens.

In the MATHEMATICAL department there are daily recitations. In the senior year, lectures are given on the theories and applications of the higher branches.

In the CLASSICAL department it frequently happens, that either different authors, or different portions of the same author, are read by successive classes; but this fact does not affect the amount of Greek and Latin required of those who apply for admission to the higher classes.

BIBLICAL COURSE.

Young men preparing for the Ministry who cannot take a full course, can take a select course adapted to their wants, which can be accomplished in two years after they are fully prepared to enter the Freshman Class. The essential parts of such a course are the following:

FIRST YEAR,.....The Latin, Greek and Mathematics of the Freshman Class; Mental Philosophy begun, with the Sophomore class; Hebrew begun.

SECOND YEAR,.....Mental Philosophy completed; Logic; Rhetoric; Paley's Evidences; Moral Philosophy;
Butler's Analogy; New Testament Greek;
Hebrew; Biblical Archeology.

Other kindred studies may be embraced according to the time and capacity of the Student.

The Philadelphia Annual Conference directs the attention of young men who are candidates for the Ministry, to this course in the following Preamble and Resolutions, passed at its last session:

WHEREAS, Dickinson College provides for a course of instruction in the elements of Moral and Biblical Science and Literature; and

WHEREAS, This course is adjusted to the wants of those young men who are preparing for the Ministry, and who cannot take the full classical course. Therefore,

Resolved, That we advise those young men within our bounds who feel called to preach the Gospel, to avail themselves, as far as practicable, of the advantages of this course of instruction.

PARTIAL COURSE.

For the accommodation of those whose circumstances do not permit them to pursue the regular course for degrees, an Elective or Partial Course is arranged, made up of such studies in the Grammar School and College as they may be found on examination qualified to pursue.

RECITATIONS.

At the daily recitations, where the text admits of it, the old catechetical method of instruction is avoided as much as possible,

and the student required to give a connected view of the subject in his own language, and without the aid of the professor, except on points not fully treated by the author,—thus cultivating at once the powers of memory, thought, and discourse.

When the subject is susceptible of it, a written analysis of the previous lesson is required at each recitation; and at the public examination, a written analysis of the whole work.

BOOKS OF REFERENCE.

The following are recommended as books of reference throughout the course:

Anthon's Classical Dictionary.

Zumpt's Latin Grammar.

Kuehner's or Crosby's Greek Grammar.

Ramshorn's Latin Synonyms.

Andrew's, or Crooks & Schem's Latin Lexicon.

Liddell & Scott's Greek Lexicon.

Surrenne's French Pronouncing Dictionary.

Adler's German Dictionary.

Fowler's English Grammar.

Webster's Unabridged Dictionary.

Worcester's Historical Atlas.

Findlay's, or Butler's Classical Atlas.

EXAMINATIONS.

- 1—Of all the classes at the close of the Fall Session, on the studies of the session.
- 2—Of the Senior class, four weeks before Commencement, on the entire course.
- 3-Of the other classes, the week before Commencement, on the studies of the session.

TERMS AND VACATIONS.

The College Year is divided into two Sessions: the first beginning on the last Thursday of August and ending on the Wednesday preceding Christmas; the second beginning four weeks from the termination of the first, and ending at Commencement, on the last Thursday in June.

SUMMER VACATION—From Commencement to the last Thursday of August, NINE WEEKS.

WINTER VACATION—From the Wednesday before Christmas, to the third Thursday of January, FOUR WEEKS.

COLLEGE BILLS.

FIRST	SE	ssion.			SE	CO	ND S	ession
Tuition Fee, \$1	.3 (00 -		_	-	-	\$20	00

Janitor's services,	1 (00 -	-	-	-	-	2	00
Modern Languages,	1 (00 -	-	-	-	-	2	00

Students lodging in college, pay for room rent from \$2 67 to \$3 33 for the first session, and from \$5 33 to \$6 67 for the second. Some of the rooms are lighted with gas, the cost of which is charged upon the occupants. Where two students occupy a room, this will probably not exced \$7 00 per year to each.

These are the only bills payable to the College, except an incidental charge for damages. They are required to be paid to the Treasurer in advance, at the beginning of each session.

RESIDENCE, BOARD, &C.

Students not resident in town are required to lodge in the College, and furnish their own rooms. All necessary furniture can be purchased in Carlisle at lower prices than abroad. When the Student leaves, it may be sold for what it is worth.

No boarding department is kept in the College. Students board at such private boarding houses in town as are approved of by the Faculty. The price of board varies from \$2 00 to \$2 50. If Students prefer to board themselves, the expenses may be greatly reduced.

Oak wood can be had for \$2 50 per cord, and hickory for \$3 50. Coal delivered at the College, is \$4 00 per ton.—Washing is \$1 25 per month, or $37\frac{1}{2}$ cents per dozen.

SUMMARY OF ANNUAL EXPENSES.

As the College tuition is now for the most part paid by Scholarships, the necessary expenses of a student are much reduced. Parents and guardians are invited to examine the following estimates, as including everything that is strictly required.

Fee for Modern Languages,	\$3 00
Library Fee,	1 50
Use and warming of Recitation Rooms,	- 4 00
Janitor's Services,	3 00
Room Rent,	(Average) 9 00

Washing,	- 12 50
2 40-)	- 4 00
Lights,	7 00
Books, about,	15 00
Total for the year,	\$151 00

In the above summary no estimate is made for clothes, traveling expenses, and incidentals. These will vary according to the habits and circumstances of the student.

RELIGIOUS INSTRUCTION.

Prayers, with reading of the Scriptures, are attended in the Chapel in the morning and evening of every day, except Saturday and Sunday, when the evening service is omitted. The students are also required to attend public worship twice on the Sabbath, at such church as their parents or guardians may designate.

SOCIETIES.

THE BELLES LETTRES—Organized A. D., 1785.

THE UNION PHIOSOPHICAL—Organized A. D., 1789. They meet on Wednesday afternoon.

THE SOCIETY OF RELIGIOUS INQUIRY—Organized A. D., 1857; meetings every Saturday evening. The object of this Society is the Study of Christian Ethics, Theology, and Hermeneutics, with a view to Christian culture.

LIBRARIES.

The	College	Libra	y contains	• • • • • • • • • • • •	7,075	volumės.

These are accessible to all the students, and, except in vacation, are open as follows:

The College Library, every Saturday, at 11 o'clock, A. M.

The Society Libraries, every Wednesday and Saturday, at 1 o'clock, P. M.

MUSEUM.

The College Museum contains a valuable collection of specimens in Mineralogy, Geology and Natural History; a cabinet of Ancient Coins; also a number of Paintings, among which is a fine copy of Salvator Rosa's Conspiracy of Catiline, from the pencil of the late George Cook, Esq.

ASTRONOMICAL OBSERVATORY.

The facilities of the College for instruction in the department of Astronomy are unusually ample. The Astronomical Observatory is provided with an Achromatic Telescope, manufactured by Henry Fitz, of New York. This Telescope has an object-glass of five inches, with a focal distance of seven feet, is Equatorially mounted, and furnished with Right Ascension and Declination Circles, and Clock Work, and is adapted to scientific research as well as instruction.

RESIDENT GRADUATES.

As an inducement to Resident Graduates to extend their studies beyond the College Course, facilities are now offered for instruction in Analytical Chemistry, Practical Astronomy, and the Anglo-Saxon, Hebrew, Syriac, Arabic, Modern Greek and other Modern Languages not embraced in the course.

To those who wish to pursue Theological studies, special facilities will be afforded.

EXTRA DUTIES.

Students in the regular course, whose scholarship reaches a certain standard of merit, are permitted to pursue studies additional to the Prescribed Curriculum, under the direction of the Faculty. Proficiency in such studies—to be ascertained by examination—will entitle the student to honorable mention hereafter in a list of Laureati in the annual Catalogues.

DEGREE OF MASTER OF ARTS.

All graduates of three years' standing, or more, who have in the meantime sustained a good moral character, are candidates, in course, for the Degree of A. M. Application should be made to the President, accompanied by the usual fee (\$5 00) at least three days before the Commencement. If the degree is not conferred the fee will be returned.

JOHN GRIGG MEDALS.

By the liberality of John Grigg, Esq., of Philadelphia, the College has been furnished with a fund to be appropriated as prizes for Oratory. This is given in the form of a gold and a silver Medal, as first and second prizes, to such members of the Junior Class as excel in the combined merits of Declamation and Composition. The award is made by a committee after a public contest, which is held the week before Commencement.

AWARD FOR THE YEAR 1860-61.

GOLD MEDAL.

W. P. WILLEY, of Morgantown, Va.

SILVER MEDAL.

MARTIN C. HERMAN, of New Kingston.

GRAMMAR SCHOOL.

The Grammar School is designed to prepare students for College, and the studies are arranged mainly to that end; but the course of studies is such as to meet the wants of those also who wish a strictly elementary English course. Moreover, any member of the Grammar School may pursue such studies in the College as his advancement requires, without any extra charge.

For admission to this department, the student must be at least ten years of age, and have some acquaintance with the elementary English branches. It will be well for students to be present at the opening of the session, as the regular classes are formed at that time—nevertheless they will be received at any time during the session.

The sessions, vacations, and term bills are the same as those of the College. The course of study extends through two years, each embracing two sessions, as follows:

FIRST YEAR.

FIRST SESSION.

English.—Grammar (Covell's); Geography (Morse's Intermediate); Exercises in Reading, Composition, Spelling and U. S. History.

Mathematics.—Arithmetic (Loomis'); Algebra (Loomis' Elements.)

Classics.—Andrew's Latin Lessons.

SECOND SESSION.

English.—Grammar; U. S. History; Geography; Exercises in Reading, Penmanship, Composition, Spelling and Declamation.

Mathematics.—Arithmetic; Algebra; Colburn's Mental Arithmetic.

Classics.—Latin Grammar (Andrews' & Stoddard's); Andrew's Latin Reader; Bullion's Greek Lessons.

SECOND YEAR.

FIRST SESSION.

English.—History of Greece; Exercises in Porter's Reader, Grammar, Composition, Etymology, Spelling, and Declamation.

Mathematics.—Arithmetic (Loomis'); Algebra (Loomis' College Edition.)

Natural Science.—Natural Philosophy (Wells'); Science of Common Things (Wells'.)

Classics.—Latin—C. Nepos; Greek—Bullion's Reader and Grammar; Classical Geography (Mitchell's.)

GENERAL REMARKS.

The government of the Institution is mild and parental. It is designed to secure attention to study and correctness of deportment, not so much by the enforcement of rigid rules, as by cultivating in the student a taste for intellectual pursuits and virtuous habits. But while youthful indiscretion will be treated with lenity, incurable indolence, bad morals, and pecuniary extravagance, will not be suffered to remain, to exert their corrupting influences.

A faithful record is kept of the standing and deportment of each student, and a report is sent monthly to his parent or guardian.

Text Books and Stationery are kept for sale at the College, at prices below the city prices.

FINANCIAL AFFAIRS OF THE STUDENTS.

As economy is indispensible to the welfare of both the College and the student, and all experience teaches that youth should not be allowed the uncontrolled use of money, attention is called to the following extracts from the Statutes of the College. Though the faithful observance of these rules may not in all cases secure the economy desired, it will doubtless prove a salutary check upon temptations to extravagance and vice:

1. Every minor whose parent or guardian does not reside in Carlisle, shall select some member of the Faculty as his Patron, who shall have special oversight of his department, and whose duty it shall be to afford him such counsel as his circumstances require.

- 2. All funds for the use of a student shall be deposited with his Patron; and no student shall be permitted to remain in the Institution, who shall obtain money from any other source, unless he immediately deliver it to his Patron.
- 3. The Patron shall ascertain at the beginning of each session what expenses each student is allowed to incur, and be strictly governed by such information in his disbursements.
- 4. No student shall contract any bill without the permission of his Patron.
- 5. College tills shall have the preference; all others according to the date of presentation; provided, that no bills shall be paid for horse or carriage hire, confectionery, fruit, eatables of any kind, or other articles unnecessary for a student.
- 6. A Patron shall be at liberty to furnish such pocket money as the parent or guardian may prescribe, provided it does not exceed what in his judgement, with the advice of the President, the interest of the student and of the institution may require.
- 7. In case any student shall borrow money, or contract any bill, contrary to the rules of the College, he shall be dealt with as for a high offence, and the payment of such bill by him or for him, shall subject him to such discipline as the circumstances may demand.
- 8. In the monthly report of each student, his Patron shall state the items of expenditure since the last report, together with the amount of funds received. And the accounts of the Patron shall, at all times, be open to the inspection of the President and Faculty.
- 9. A Patron shall not be held personally responsible for any bill of any student. The expenses of correspondence in the discharge of his duties shall be charged to the accounts of the students concerned. As compensation for trouble, and risk, he may charge a commission of 3 per cent. upon all moneys paid out.
